

PROQUEST: THE ARTS

Proquest: The Arts brings together in one site the **International Index to Music Periodicals (IIMP)** and the **International Index to the Performing Arts (IIPA)**. These resources provide access to thousands of indexed articles, abstracts and full articles in the field of music, theatre and film.

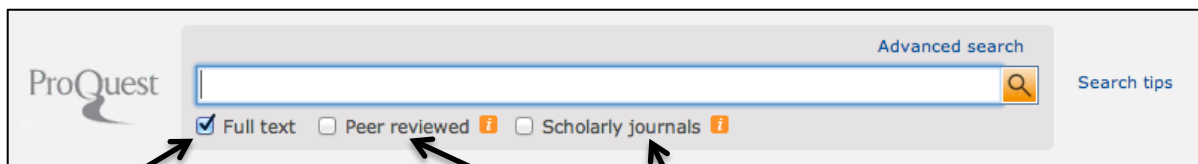

Access:

- Open a web browser and follow the link to databases from the library portal <http://library.saeaustralia.edu.au/>
- You will be logged in automatically on campus.
- If you are not on campus you will be prompted to login using your:

Username: Student Number or Student Portal (Axis) Username
Password: Day and month of birth in the format ddmm (10th Feb = 1002)

Quick search:

- Type in keywords that describe your topic

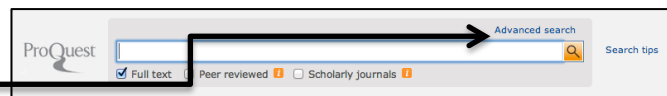

- Select full text to display the entire article.
 - Select Peer reviewed or scholarly journals for more academic articles

Advanced search:

Advanced search enables you to refine your search in a number of ways.

- Select the advanced search link to the above right of the search box.

- Enter a number of search terms. To add and remove additional terms use the **add a row** feature and **remove a row**.

- Use Boolean operators such as AND OR NOT and phrase (" ") searching to define your search.

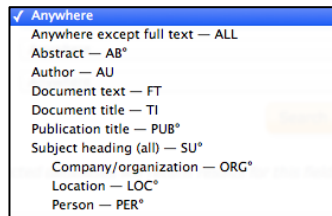

Use AND to combine two or more terms within your search.
e.g. "graphic arts" AND "logo design" will search for documents containing both phrases.

Use OR when you aren't retrieving enough search results. OR will search for either or both terms in your search.
e.g. Filmmaking OR "film making" will search for either format of the term therefore broadening your search.

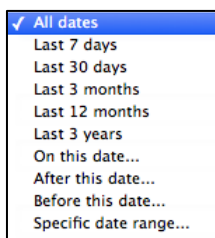

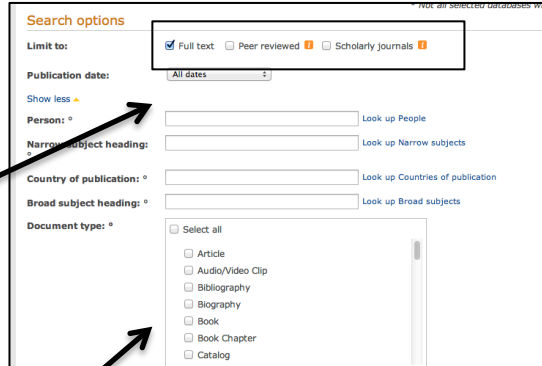

NOT will remove words you don't want in your search.
e.g. audio NOT sound.

Use phrase searching (" ") for words you would like to keep together *eg. "graphic arts".*

- Limit your search to fields such as document title, author & publication title.

- Limit your search to full text to display the entire article, peer reviewed or scholarly journals for more academic articles.
- Restrict articles to specific date ranges or time periods

- Restrict articles to a certain type *e.g. articles, biography etc.*

Search publication:

Looking for a particular publication? Search publication allows you to search for a particular journal title or for keywords in a journal's title. Please note: It does not search for keywords in the content of the journal.

Type in the name of the magazine or journal you are looking for:

- Further details are displayed such as the issues and full text availability.
- Select the title link to display volume and issue availability.

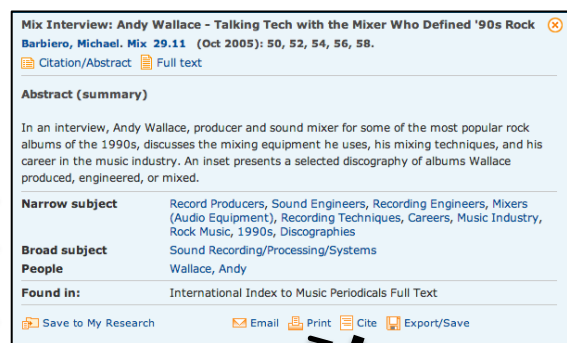

Displaying articles:

- Select the Full text link for access to the full article

Select preview for a description of what the article is about.

- Select links to Narrow & Broad Subjects for other articles on similar topics. Try these terms in further database searching.

- To save a list of articles for viewing later **Save to My Research**
- Email, Print, Saving options available

- Select cite for a pre formatted APA reference (ensure APA 6th edition is selected).

My research:

You can keep a record of your search terms and articles by creating a **My Research** account.

- To save your search terms or specific articles click on **Save to My Research**.
- You will be asked to login or create a new profile. Follow the prompts.

To logout click on **Exit**.
